Santa Clara Has Sent Out Great Ball Teams

Mission School Makes Wonderful Record in Diamond Sport During Past 43 Years—Present Trip Most Disastrous in History of School—Many Players Have Gone to the Big Leagues from Institution—Lack of Teamwork Loses Games

A great many of the fans of Honolulu are beginning to believe that all this talk about wonderful baseball teams turned out at Santa Clara is all bosh. Of course with only two victories and seven defeats one could hardly expect anything else after the showing made by the collegians on this tour.

The sum and substance of the whole thing is that the team has not worked together, and they have allowed the Oahu League officers and others to interfere with the workings of the team. The Santa Clara team playing here now does not look any more like a real Santa Clara team than a fly does like an elephant. Too Many Cooks.

The whole trouble has been that everybody wants to run the team. The players all want a hand in it, the Oahu League and the park officials have had their little say, and Santa Clara has continued to play ball which reminds one of a grammar school team. These are facts that can hardly be denied.

The Santa Clara boys have been popular here. If they had not the crowds would not have turned out to see a losing team walloped time and again. There are a number of good ball players on the team without doubt, but they have not played together. The trip has not injured them to the extent that they can blame it on the climate. They just haven't got going, and the present series marks the most disastrous trip in the history of the Mission school. Lack of Punch.

Even the men who accompanied the team have decided there is no hope, and are only waiting for the season to end. Fans who have watched the Santa Clara teams of other years wonder at the poor showing made by the present aggregation. They haven't got the punch.

For years Santa Clara and St. Mary's College have fought it out for the championship of California. A number of years these two schools had the best college teams in America, and a number of big leaguers got their training at both Santa Clara and St. Mary's.

Leader For Years.

During the past 43 years Santa Clara has always been to the front in baseball. They have been defeated many times by St. Mary's, but in the majority of cases took California and Stanford into camp. It got to be the rule that any Santa Clara team was a good one, and California will wonder what manner of ball players are these who win seven out of nine games from the Missions.

The first scheduled game of note played between Santa Clara and St. Mary's was in 1873, when St. Mary's won out at San Mateo by a score of 10 to 4. There were many other contests after this, and 15 years ago the two schools began to send stars to the big league.

In a game in San Francisco in 1900 Santa Clara defeated St. Mary's 10 to 6. Keefe and Deacy, two great players, were the battery for the Missions. The next year Kennedy wore the mask for the Missions. One of the best series of the last decade was played in 1904, when Santa Clara defeated St. Mary's two out of three for the championship. Harry Wolter was the pitcher then, with Collins behind the bat.

Three years later with Charley Friese in the box and Artie Shafer in the game the Santa Clara team waded through the Oakland team for the series. The next year Allegart and Gallagher, Ames and Jacobs were the batteries. The next season "Dutch Leonard" was pitching for St. Mary's and he defeated Santa Clara in two games with Lee Girt, now in the city, and Barry on the mound. In the past few years Whelan, Archie Stewart, Mehlaf, Leonard, Hickey, Volight, Bliss and others have performed for the team.

Ask any of the boys why they are making such a poor showing, and if they don't get peeved will shake their heads and say they cannot explain it. One of the boys said yesterday that they never saw many better ball players at Santa Clara. That may be true, but they have seen a lot better ball teams.

The showing made here proves that team work is worth while, and that a collection of stars does not always make a ball team. The boys haven't got all that is possible out of their ability, and the smooth working machine that has always been seen in a Santa Clara team is woefully lacking. Brown is a good pitcher, so is Bliss, and Floyd Brown has made a good record on the coast. They haven't been going good, and Pinkie Leonard did not have a team behind him in the games like the one that beat the White Sox without a run being scored. Sheehan, Zarrick, McGinnis and Traumatola might not have surpassed the infield now in individual play, but they surely worked together much better.

Despite the showing made here by the Missions there are a number of players who would strengthen any of the local teams, and Hall, Milburn and Hensberg have looked very good. Gay is a good ball player, and a better shortstop than Charley Friese, who was here with the Olympics. In fact, player for player the Santa Clara team is a better aggregation than the Olympic team which played here during the last Carnival, but they haven't played as good ball. As Mr. Postum says, "There's a reason."

Tomorrow afternoon the Santa Clara will make an effort to down the St. Louis team, and despite their poor showing should win this game irrespective of what Friese says regarding the battle. They are doing better work with the bat, and it would not be at all surprising to see this aggregation play a really good game against the St. Louis squad. On Sunday they meet the 25th Infantry. Francisco Gay will hurl. The Schofield squad looks like favorites again.

YESTERDAY'S SCORES IN THE BIG LEAGUES

At Cincinnati—New York 5, Cincinnati 2.

G	3	7	.300
D	3	9	.250
L	2	8	.200
M	0	12	.000

Somebody has always got to take the joy out of life, say the members of Company E, 25th Infantry. Just as they were getting ready to celebrate the honor of winning the pennant, along comes Company K with Fagin, Johnson and Crafton, yesterday afternoon at Schofield, and they spilled the Van Camps.

Fagin was using his Oliver twists in good fashion, and the E's could not hit with ease at anytime. Crow in left field was the star of the game, handling five hard chances without a bob, and landing a homer and a single. The game was one of the best played in the series, and more than 1000 fans witnessed the battle.

The victory by the K team gives the Machine Gun Company a lead with Company A in second place. The M. G. company is often referred to as Rogan's Hopes, as the star pitcher of the 25th Infantry team performs for this aggregation. The score of the game yesterday was as follows:

Co. K, 25th Infantry	ABRHSBPOAE
Crow, If	4 1 2 0 0 5 0 1
Williams, If	2 0 0 0 0 0 0 1
Murray, If	2 1 1 0 0 0 0 0
Crafton, If	4 0 1 1 13 1 1 0
Johnson, ss	4 0 0 0 1 1 2 0
Fagin, p	4 0 2 0 1 1 5 0
Gordon, 3b	4 1 1 0 0 3 1 1
Spillman, c	4 0 0 0 5 1 0 0
Reynolds, 2b	3 1 0 0 1 1 0 0
Smith, cf	3 1 1 0 1 0 0 0
Totals	34 5 8 1 27 13 3

Co. E, 25th Infantry	ABRHSBPOAE
Herring, ss	4 0 0 0 0 1 4 1
Hurt, If	4 0 0 0 1 0 0 0
Williams, E, c	4 0 0 0 0 4 0 0

Base hits .. 1 0 1 1 3 1 0 1 *8
Co. E—Runs .. 0 0 0 0 1 0 0 0 *1
Base hits .. 0 0 0 1 1 0 1 0 *3
Summary—Home run, Crow; two-base hits, Murray, Gordon; struck out, by Fagin 5, by Davis 4; wild pitches, Davis 1; passed balls, Spillman 1. Umpires, Ware L. and Hawkins. Time of game—1 hour and 24 minutes.

WAIHINU TEAM DEFEATS STRONG MAUNA LOA CREW

Don't ever get the idea that you can win from a collection of has-beens without first fully investigating conditions. The Waihinu collection of ball losers issued a challenge to the crew and passengers of the Mauna Loa last week. They imagined they had a picnic.

The game was staged at Naelehu, Hawaii, and more than 1000 were in attendance. H. K. Sheldon, purser of the Mauna Loa, accepted the defy, and gathered together a collection of former ball players. Waihinu had the three Bertelmann boys, Hayseiden and other stars, and they expected to shut the boat crew out.

Sheldon went into the box and held the opponents safe for six innings, but boots behind him, and a weak arm at the finish gave the game to the Waihinu team by a score of 11 to 8. Despite the defeat the crew felt confident that they could win the next time out. Charles Strolan was the chief router for the Mauna Loa team, while Miss Gleason of Honolulu, a passenger, cast her lot with the winners. Manager Gibb gave a cow, and George Kawaha superintended the arrangements for the feast given to the visitors. Altogether 1200 taulau were made up.

The lineup of the teams was as follows: Mauna Loa—Clement, c; Sheldon, p; Foster, 1b; Waiola, 2b; Kikau, 3b; George E. Jurgensen, ss; Kopa, If; Semerson, cf; Stone, rf. Waihinu—G. Bertelmann, c; H. Bertelmann, p; Hayseiden, 1b; Bredenburg, 2b; Lohiau, 3b; Apeki, ss; B. Melnecke, If; B. Bertelmann, cf; A. Melnecke,

Feminine Races During Carnival Would Attract

Honolulu Would Welcome Race Between Fanny Durack, the World's Champion, and Olga Dorfner, American Champion—Claire Galligan and Agnes Burns, Frances Cowells and Ethel Daly are Stars—Bernicia Lane Breaks Two Records

One of the leading athletic features of the year was staged in San Francisco on July 4 when eight of the fastest girl swimmers in the world competed in the 100 yards national championship swim event. This was the one big event in San Francisco during the month, and 20 moving picture camera men were at the finish as the girls crossed the line.

The East was waiting for the answer, and the trip of the feminine natators across the continent was one of satisfaction. Everywhere they went Olga Dorfner and Claire Galligan were received as they carried their slogan "On to California."

Bring the Girls.

If work could be started at once Honolulu could invite the champions to compete in a big swimming meet here during the Carnival. From a promotion and publicity standpoint a meet between feminine stars would be worth more than any other. Honolulu would surely turn out to witness the speed of Olga Dorfner, Claire Galligan, and the California girls. Then the friends of Fanny Durack in Honolulu would welcome the opportunity to bring the world's champion here to compete against the American champions.

San Francisco turned out to witness the race between the feminine stars, and the largest crowd ever in attendance at a swimming meet watched Miss Dorfner win by a small margin. Reports from the coast state that it was a great meet, one which will be remembered in San Francisco for a long time.

Meet Would Attract.

There are new swimmers coming up, Mr. Umpires, George Capbell, Jr., and Frank Foster. In the first game the score was: Pahala 18, Naelehu 4.

PIN DISTURBERS MAKE NEW RECORD AT SAN JOSE

SAN JOSE, Cal.—Ratto's Troquois established a coast bowling record in the San Jose Congress when they shot 2956 on the Forman's Alleys. Bengel, Bulletin champion of 1914, scored with 643. Deskovich had 630. Score: Ratto

Ratto	165	168	201	534
Wittwer	191	233	169	593
Rivera	232	178	146	556
Deskovich	188	227	321	630
Bengel	204	221	218	643
Totals	980	1021	955	2956

The former record was held by the Olympic Club team. This aggregation made 2942 in a telegraph tournament last year. The world's tournament record is held by the Grand Central of Rochester, N. Y., who made 2997 in Paterson, N. J., in 1912.

Keep Cool These Hot Days!

WHY swelter when the temperature can be made several degrees cooler by the right kind of clothes? You don't have to sacrifice appearance for comfort, or comfort for appearance. In fact you will look better dressed---more natty---less disturbed by the heat in one of our fine lightweight suitings or one of our famous Palm Beach suits.

Extremely light in weight---beautifully designed---carefully tailored and made to last. -- Let us measure you today

Skates Along Thru Life Asking Something For Nothing

Confidence is not enlisted by such action.

Publicity Has Value and is something which some people expect to get for nothing.

Publicity has force and character when it has behind it the force and character of those willing to pay full value for what they get. Paid Publicity is Powerful.

CITY AFFAIRS AND SUPERVISOR NOTES

The next meeting will be Tuesday night.

Public hearings on both the Beach Walk and Kalaniana'ole avenue improvement projects will be held at the next meeting.

It was nearly 10:30 o'clock when the board adjourned and discussion of the proposed bond issue, which had been set as a special order of business, was postponed until Tuesday night.

Owing to the scarcity of cement in the city Harry Sands, the contractor, has been unable to finish the work on the culvert for the city across Nuuanu avenue, just below the Country Club, and asked the board for an extension of time on his contract. It was granted.

J. A. Gilman renewed the bitulithic license agreement made with the city for six months last October. It provides that the bitulithic company shall sell at a stated price its patented paving material to any contractor, thus opening the way for competition in paving with bitulithic.

CHICAGO, Ill.—Compilations by a local paper indicate that more murders were committed in Chicago in the last five years by the so-called "Black Hand" agents than the total of all murders in the British Isles in the same period. Murders charged to the "Black Hand" in Chicago since 1911 total 187. The eighth such murder since the first day of the year occurred last night near "Death Corner," the scene of most of the murders, when Michael Viana, an Italian, was shot down as he was about to enter his home. The murder was witnessed by Viana's wife. She said two men jumped from an alley and fired five shots, two of which took effect.

A. M. Brown, city and county attorney, notified the board that he is to spend a vacation between July 31 and September 6 on the mainland. In response to a question, Supervisor Arnold informed the board that Brown's salary would be paid for the whole period as he is an elective officer, with a salary set by law.

DANGEROUS TO STRAIN GASOLINE THROUGH CHAMOIS

Don't strain gasoline through a chamolis skin.

When gasoline passes through chamolis skin, static electricity is produced. This electricity is liable to be conducted from the funnel to the metal of the gasoline tank, across the opening where the gasoline vapors are escaping. The electricity will ignite the vapor and an explosion will result.

Three of the most disastrous garage fires in Boston were caused in this way, and many lives have been sacrificed through ignorance of the dangerous combination of electricity and gasoline, set up by the friction of gasoline through chamolis.
